## Inverter Warranty (5 kVA – stock clearing special)

### Warranty:

We warrant this product against defects in the materials and workmanship for a period employed in the manufacture thereof.

### Duration:

The above stated warranty is valid for a period of 12 months from the date of purchase.

### Repair/Replace:

We will repair or replace the inverter under stated conditions when returned to our offices.

### Conditions:

This warranty will be void if the unit has suffered any obvious physical damage arising from misuse, poor handling or storage.

Misuse is defined as running the unit from unsuitable power sources (this includes running it direct from Eskom without a line regulator and lightning protector), or overloading the unit (this includes driving highly inductive equipment like electrical motors from the unit).

Poor handling would include dropping the unit, or other items falling onto it resulting in physical damage, either internally or externally.

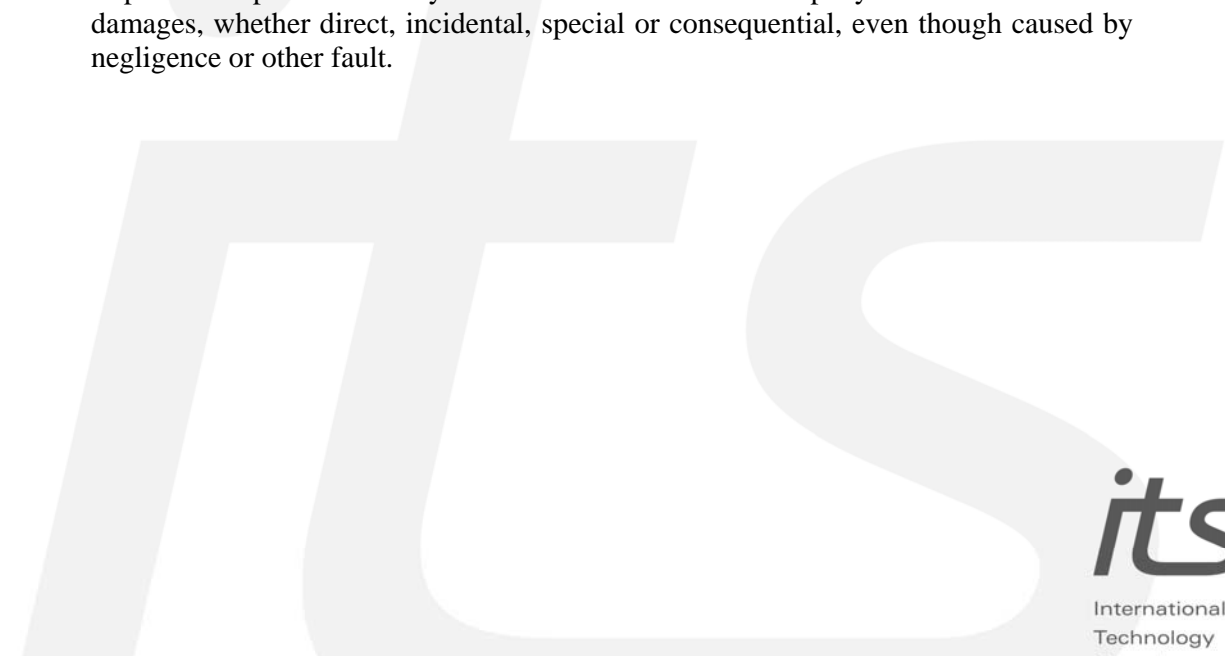

Poor storage would include water, chemical or fluid damage of any sorts, or anything outside of normal operating conditions.

### Exclusion:

This is the only warranty that the company makes.

No other warranties express or imply including warranties of merchantability and fitness for a particular purpose.

Repair and replacement are your sole remedies and the company shall not be liable for damages, whether direct, incidental, special or consequential, even though caused by negligence or other fault.
